Course Net	\$177.92		-\$35.22		\$90.6	
Total Net	\$233.3					

Annual Conference

New in 2020, APTADC now has their own [separate registration portal for DC members on the web site.](#)

As of 11/12 we have 60 DC registrants.

Future Courses

Due to the time intensive nature of managing our own courses, the Chapter has decided to move our courses to an online vendor where we will have a discounted rate for members and the Chapter will receive a royalty from the registrations.

- **The 3 public health courses will be available free for members through Dec. 31st** and then will be moved over to the new platform. The courses will change to \$25 per credit hour for members and \$40 per credit hour for non members.
- **The annual conference bundle will be available for purchase through Dec. 31 from APTADC.**
* APTAMD has decided to keep the bundle available through Spring 2021.
